County Commission Releases New Budget Numbers

The Platte County Commission has completed a series of additional budget meetings with numerous office holders. Upon completion of these meetings reallocations were made to the proposed FY12 budget fully funding the Platte County Sheriff and Prosecutor Offices. The Commission can now fund the Prosecutor's budget at his requested FY12 levels.

Also included in these new budget numbers, funding levels for the Sheriff will include all monies requested by the Sheriff for FY12, including an additional \$142,500 for use in a discretionary fund to be allocated for either salaries or additional Deputy's. The final date to approve the FY12 budget is Tuesday, January 10th. Between now and then the Commission will continue to work on the budget.
