

Election Equipment Testing October 20, 2009

The Public Test of the Optical Scan vote-counting equipment and ballots to be used in the November 3, 2009 Special Election will be held in the Platte County Board of Election Commissioners Counting Center, located at 2600 NW Prairie View Rd., Platte City, Mo. Testing will begin Tuesday, October 20, 2009, at 9 a.m., at which time, the automatic tabulating equipment and ballots will be tested for compliance with Missouri election law and for correct tabulation of votes cast on all ballot questions.

Public Post-Election Testing will be held on Thursday, November 5, 2009 starting at 9:00 a.m., again at the Board of Elections in Platte City. Both of these tests are open to the public. For more information, call the Board of Elections office at 858-4400.
